**SUPPLEMENTARY INFORMATION:** In the Federal Register of August 12, 1996 (61 FR 41764) (FRL-5388-1), EPA announced the reopening of the comment period to a proposed rule published in the Federal Register of September 24, 1992 (57 FR 44290), which defined the specifics of reporting requirements under section 6(a)(2) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). Comments were limited to the sole issue of the costs or burdens associated with the proposed rule and the latest draft of the final rule.

On August 29, 1996, a number of industry trade associations formally petitioned the Agency to extend the comment period for 60 days, and to initiate a broader reopening of the rulemaking record to take comment on a number of provisions in the June 14, 1996 "draft final" version of the rule.

In the Federal Register of September 20, 1996 (61 FR 49427) (FRL-5396-1), EPA extended the comment period for an additional 30 days, but denied the petitioners' request to reopen the rulemaking record on issues beyond the costs and burdens associated with the draft final rule. At a meeting on October 11, 1996, between representatives of EPA, a public interest group, and several pesticide industry trade associations, a request was made to allow more time for submitting comments, due to the difficulty of compiling information from numerous registrants on the current and projected burden of compliance with rule
